**Environmental****Spill/Remediation:**

Comment: Operator notified COGCC of the discovery of historic impacts associated with a partially buried produced water vessel on 9/27/2017. Associated wells have been plugged and abandoned. Production facility decommissioning is in progress. Partially buried produced water vessel has been removed from location. Excavation of impacted material has not commenced.

Corrective Action: Submit a Form 27 for the removal of a partially buried produced water vessel. The Form 27 should include a workplan for the investigation and remediation of historical impacts discovered during the produced water vessel removal, and possibly the investigation of impacts to groundwater.
