**General Comment:**

This is an Abandoned Location Inspection for Six Wells, listed in Related Facilities, above; permits expired 12/29/2015. The One Conductor Set on Site for the XX Wells, noted in previous Insp Doc#680100962, Dated 7/7/16 has been Closed. It does not appear that these AL Wells were drilled on Location with Four Producing Wells; therefore these would be Well Releases on an Active Location. As Permits have not been Abandoned the Wells can not be released at this time. Refer to Reclamation Section.
