**Comments:**

Marathon Oil received notice on 10/02/2017 to complete interim reclamation at the pad. We are requesting a 12 month extension to the request, due to the weather in the area which will make earthwork less safe and revegetation would not be practical until next growing season. An extension to 10/01/2018 is requested so an appropriate time of the year is available where reseeding / regrowth can be done in acceptable weather conditions
