RE: Colorado Oil and Gas Conservation Commission Rule Surface Location Exception Waiver  
Rule 318.A.a and Rule 318.A.c: Anschutz State 5-62-26\_25 SE27 Well Pad  
Township 5 North, Range 62 West, 6<sup>th</sup> P.M.  
Section 27: SE  
Weld County, Colorado

Dear Mr. Freese:

Bill Barrett Corporation ("BBC") is planning to drill the wells on Exhibit A from the above-mentioned well pad. Rule 318A.a of the Colorado Oil and Gas Conservation Commission's rules and regulations requires that each well be drilled within a square four hundred (400) feet in length, the center of which is the center of any quarter/quarter section, or a square with sides eight hundred (800) feet in length, the center of which is the center of any quarter section (the "GWA Windows"). The surface locations of BBC's proposed wells have been staked outside of the 318A.a GWA Windows. Therefore a waiver is needed to satisfy this requirement.

In addition, Rule 318A.c requires that new well locations be "twinned" (located within 50 feet) of an existing well, when such wells exist.

By signing this Surface Location Exception, you hereby waive requirements to comply with COGCC Rule 318A.a and Rule 318.A.c where applicable. If you have any questions, please contact me by cell at 720-693-3072, by office at 303-312-8511, or via email at [bjames@billbarrettcorp.com](mailto:bjames@billbarrettcorp.com).
