Comment:

Final land use might be housing development as housing development construction activities are in-process nearby. Refer to the attached inspection photos for more detail.

Inspection notes copied from the previous Field Inspection Report (Document #673504515) that still apply: The access road, well site, and tank battery site have not been reclaimed. There is gravel, wood boards, and various debris which have not been removed. There are berms that remain and no recontouring was performed.
