Comment:

This property no longer belongs to Laramie Energy or Laramie Enenergy II. (See Attached) Over the past few months Laramie has attempted to have the new owner accept responsibility for the reclaim/bonding of the location. We have been working with Martha Ramos and Teri Ikenouye of the COGCC in an effort to get this resolved. Unfortunately the new owner will not accomodate the reclaim or bonding. As a result, Laramie is

working with the landowner to reclaim the location.

As of November 13, 2017 the owners of the Fuqua location have a number of requests related to reclamation up there. They are:

1) They want to retain portions of the disturbed areas for use in their cattle operations.

a. The roadway

b. Culverts

c. Portions of the existing pad

2) They want us to postpone reclaim activities until late spring of next year.

Laramie will prepare landowner request letter send it off to them for signatures by November 22.

Laramie anticipates reclaim activities will be completed by June 1, 2018.

COGCC Decision: **Not Approved**

COGCC Representative: Discussed with Operator that a 502b Variance would be the best way to proceed with this Location; to have it Approved before the Reclamation Activities commence. This CA can't be Approved as CA is not complete. Site will be Inspected in 2018 to Document Installation & progress of Final Reclamation.
