Comment: Location and access road were seeded and crimped the end of the week of 11/27/2017. Fencing is required prior to the landowner bringing cow and calves on next spring. Drove the perimeter of location with landowner to determine fencing placement by the operator. Strong N/NW winds on 12/4/2017 blew off some crimping (see attached photos). Fencing needs to be installed at landowners direction. Contact COGCC EPS on Form 27 submittal.
