Dear Diak:

Since we seem to be getting no action from Mr. Pivonka on the No. 1 Warnecke well located in the NW NW SE, section 30, township 8 north, range 53 west, I thought I had better progress through normal channels and hereby advise you that no completion report or plugging record has been filed on this well. The well was completed May 25, 1966, and the completion report was due June 25, 1966.

Your prompt attention to this matter will be greatly appreciated.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION
OF THE STATE OF COLORADO
