General Comment:

Routine Inspection. Oil on pit. Inspector contacted pumper on 1/3/2018 and a truck will be there the next day. A truck had been there recently and will get the remaining oil. Inspector contacted COGCC NE EPS.

Free oil on south side of pit (see attached photo). Tire tracks show recent previous efforts to remove oil. Pumper stated that truck would be there on 1/4/2018 to removed remaining oil. Cause for release what thought to be increased chemical in the lines for colder weather.

Corrective Action:

For non emergencies, remove produced liquid hydrocarbons from the earthen pit or reservoir immediately per Rule 323.
