Date of Completion: 01/09/2018

Operator Comment: Unused Equipment will be picked up and transported off location.

COGCC Decision: _____

COGCC
Representative:

2 CA# 113734

Corrective Action: Install or repair required BMPs in accordance with good engineering practices per Rule 1002.f.(2) Corrective actions from the previous inspection were not resolved; therefore, the corrective action date on this inspection remain the same from the previous inspection.

Date: 08/17/2017

Response: CA COMPLETED

Date of Completion: 01/09/2018

Operator Comment: It is anticipated that with the Interim Reclamation of the unused portions of the location that much of the stormwater controls will become unnecessary as the location size will be dramatically reduced. Any storm water controls which are still necessary will be installed or updated with necessary BMPs.

COGCC Decision:

COGCC

OPERATOR COMMENT AND SUBMITTAL

Comment: Operator will immediately begin interim reclamation on all areas of this location not reasonably needed for production operations from the currently existing well. Dirt work will begin as soon as One calls are cleared and re-seeding etc. will begin as soon as weather permits.
It is anticipated that this action will clear up all necessary corrective actions noted in this inspection report.
Operator will also keep other lines of communication open, (outside of this FIRR), with the COGCC as this process proceeds.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct, and complete.
