Comment: Reclamation rules require reclamation activities to be conducted within twelve months of plugging on non-cropland. Well was plugged 12/21/2013. This location does not meet reclamation requirements because the Operator has failed to reclaim the access road. Refer to the attached inspection photos for more detail. Well location appears to meet Rule 1004 standards- refer to Photos 1-4.

Corrective Action:	Perform reclamation in accordance to Rule 1004. The following shall be performed by 4/30/18: remove gravel from the access road, perform compaction alleviation, and re-contour/re-grade access road. See COGCC comments for additional compliance information.	Date	04/30/2018

COGCC Comments

Comment	User	Date
Reseed disturbance areas using a seed mixture requested by the surface owner, or a mixture prescribed by the local county NRCS. Establish vegetation with total perennial, non-invasive uniform plant cover of at least eighty (80) percent of reference area levels. Ensure erosion controls are implemented to stabilize the seeded soil. The Operator shall continue to monitor and manage this site until the location meets Rule 1004 standards.	binschusc	01/05/2018
