RE: COGCC Rule 306.e Certification
Nickel Road Operating
Noble 3N68W5 Wellpad
Sec. 5 T3N R68W (NW/4 SW/4)
Weld County, Colorado
Surface: Fee
Mineral Lease: Fee

Dear Director Lepore,

This letter hereby certifies that Nickel Road Operating (Nickel Road) complied with Rule 306.e. for the above referenced Oil and Gas Location. All Building Unit Owners within the buffer zone were sent certified letters notifying them that Ward is seeking an oil and gas permit and associated Oil and Gas Location Assessment (OGLA).

An attempt was made to discuss the project with Ms. Hards, who is outside of the COGCC Buffer Zone but within the Weld County Buffer Zone. She was unavailable and a message was left on her voicemail. No other communication or request for meetings have been made by other surface owners. Nickle Road continues to be available to meet with and discuss the proposed OGLA.

Please send a copy of all correspondence to Upstream Petroleum Management, Inc. at 7000 S. Yosemite St. Suite 290B, Englewood, CO 80112. Please contact me or Kim Rodell at 303-942-0506 or at agross@upstreampm.com or krodell@upstreampm.com, respectively, if you have any questions.

Sincerely,
UPSTREAM PETROLEUM MANAGEMENT, INC.
