OPERATOR COMMENT

The partially buried produced water vault at this location was removed as part of the location's P&A reclamation progress. Soil samples were collected from the remaining pit on 1/24/18 and all results came back within Table 910-1 standards from the lab. On 1/29/18, RamCo was given the green light for backfill. Soil sample location map and analytical lab results will be attached to the forthcoming Supplemental Form 27 to request closure.

I hereby certify all statements made in this form are to the best of my knowledge true, correct, and complete.
