Nature of complaint: Odor

Field Inspector Actions:

On 2-13-2018, I was contacted by complaint specialist Megan Adamczyk in reference to a noise complaint received for 2-13-2018 by the COGCC about possible oil and gas odors occurring in the Erie area somewhere around the complaints residence.

On 2-13-2018 at approx 0700 hrs I attempted to contact the complainant. I performed an inspection of the area around the complaints home and did not detected any odors coming off any of the oil and gas operations in the area. I returned to the area around the complaints home around 1700 Hrs and performed a check of the area for odors and again I did not detect any odors in the area. The Papa Joe location indicated by the complaint was shut in and awaiting completion.

All information reviewed and site inspection information were submitted to the COGCC for further review.

No violations of COGCC rules were observed at the time of this inspection
