Dear Sir:

We have received the completion report and log form OGCC-2, submitted by you on H. L. Hunt's G. E. Huey et al well No. 12, located in section 20, 2N 56W, Morgan County, Colorado.

We note that on your log form you failed to show gas production, although according to you D.S.T. you have gas to the surface in 7 minutes. We are enclosing form OGCC-4, and request that you complete it in its entirety, and submit it to us as soon as possible to enable us to keep our oil and gas production records up to date.

Very truly yours,
