

# Stormwater Inspection

April 20, 2018

Operator: PETROSHARE CORPORATION- 10454

API: 05-039-06553

Inspection Document #: 682403501

Elbert County, CO

NENE Section 20 T6S R64W

Chris Binschus  
Reclamation Specialist, COGCC

**COLORADO**  
Oil & Gas Conservation  
Commission

Department of Natural Resources

Inspection Photos  
Location Name: NORDMAN TRUST #41-20  
API: 05-039-06553

**Photo 1.** Photo taken from the northeast well pad on November 3, 2017, facing East. Rip-rap has been installed but does not appear to be a sufficient BMP as active gully erosion is evident. Operator needs to repair gully erosion and install sufficient BMPs.

**Photo 2.** Photo taken from the northeast well pad on April 20, 2018, facing East. Operator made repairs to the gully erosion and installed additional BMPs (i.e., more rip-rap and straw bales).

**Photo 5.** Photo taken from the western well pad location on November 3, 2017, facing West. Appears stormwater run-on onto the location is causing gully erosion along the western cut slope which is causing degradation to the location. Operator needs to repair gully erosion and install sufficient BMPs.

**Photo 6.** Photo taken from the western well pad location on April 20, 2018, facing West. Operator made repairs to the gully erosion and installed additional BMPs (i.e, more rip-rap, straw bales and surface roughening).
