<p>On April 27, 2018 COGCC SW EPS Jim Hughes conducted an environmental field inspection of the BP JB Gardner A #1. For the most recent field inspection report of this facility, please refer to document #685301713. The purpose of this site visit was to inspect nearby Spill/Release Point ID #454831.</p> <p>During this inspection it was observed:                      A West States Energy Contractors crew was excavating a 4" steel flow line adjacent to the JB Gardner A #1 location. The flow line from the Hendrickson Water Injection Facility reportedly released approximately 18 bbl. of produced water. According to personnel on site, the fluids pooled on an access road where 10 bbl. were removed with a vac truck.</p>	hughesj	05/01/2018
