Location ID: 436303

**Photo 7:** Photo taken from where the access road turns from south to west, facing north. Photo shows the access road has not been reclaimed and still remains.

**Photo 8:** Photo taken from the access road, facing north. Photo shows the access road has not been reclaimed and still remains.

**Photo 9:** Photo taken from the access road to the immediate east of the location. Photo shows stormwater erosion degradation occurring along access road. 6 foot measuring stick for reference.

**Photo 10:** Photo taken from the fork of the road to the northeast of the location. The portion of road veering to the right at the fork is the oil and gas access road leading to the location. The section of road to the left appears to be a portion of the road that pre-existed the oil and gas location and access road.
