**SUBJECT: REQUEST FOR RECLAMATION APPROVAL ON THE BARNES #1**

Dear Mr. and Mrs. Downey:

In 2011, Merrion Oil & Gas Corporation plugged and abandoned the Barnes No. 1 gas well located on your surface property in the sw  $\frac{1}{4}$  of the nw  $\frac{1}{4}$  of section 6, T33N, R8W, LaPlata County, New Mexico.

In order to release this site with the state, we need your approval on a couple pending items. At the time of abandonment, we left electricity installed at your request. Is this still your request? We have also reseeded the site 2x to no prevail. Are you content with the current condition of the site? We can reseed the site again, but would like to fence in the seeded area to deter any animals from eating the growth. Please identify your decisions in the boxes below.

Electricity:

- ☒ Leave the electricity as is  
☐ Remove electricity from wellsite

Seeding:

- ☒ Leave location condition as is  
☐ Re-seed location and fence in the seeded area

Thank you so much for working with us in all aspects involving the Barnes 1 well. We sure appreciate it. Please let me know your decision through mail or email. My contact info is below if you have any additional questions or concerns.

Sincerely,

*Ryan Merrion*
