

SURFACE USE AND COMPENSATION AGREEMENT

This Surface Use and Compensation Agreement ("**Agreement**") is made and entered into effective as of the 30th day of January, 2018 ("**Effective Date**"), by and between Western Transport, LLC ("**Western**"), Colorado Maverick Company, LLC ("**CMC**"), and Tree Top LP ("**TT**"), whose addresses are set below their signature below (collectively, "**Grantor**"), and Burlington Resources Oil & Gas Company LP, a Delaware limited partnership, with an address of Attn: Manager, Real Property Administration, PO Box 7500, Bartlesville, OK 74004-7500 ("**Grantee**"). Grantor and Grantee are collectively referred to as the "**Parties**."

RECITALS

- A.** Grantor owns the surface estate or otherwise controls the surface rights in and to property as specifically described and depicted on Exhibit A, attached hereto and made a part hereof ("**Property**").
- B.** CMC, TT, and Ecarg Resources, LLC (an affiliate of Western, "**Ecarg**"), own certain mineral rights on the Property.
- C.** Grantee owns or operates oil and gas leases and rights and may become holder of other oil and gas leases and rights ("**Leases**") underlying some or part of the Property and desires to enter on the Property for the purposes of conducting oil and gas operations under or related to the Leases ("**Operations**").
- D.** In addition to the rights granted in the Leases, Grantee desires to obtain the right to use the Property for the purpose of access to and from the Leases and right(s)-of-way related to Grantee's Operations.
- E.** Grantor and Grantee desire to stipulate and agree on the rights to be granted by Grantor to Grantee and the consideration and compensation to be paid for or in connection with such rights.
- F.** On or about November 18, 2016, Grantor signed into a Surface Use Agreement ("**Bison SUA**") and Oil and Gas Leases ("**OGL**") with Bison Oil & Gas, LLC ("**Bison**") covering all surface and minerals, respectively, owned by Grantor in 3S-64W, and 3S-65W, Adams County, Colorado. Most of the lands described in the above referenced agreements are currently subject to a pending lawsuit and Lis Pendens in Adams County, Colorado district court, and Grantor is challenging the validity of the Bison SUA and OGL.
- G.** Grantor and Grantee enter into this Agreement acknowledging that most of the Property described above is common to both the Bison SUA signed by Grantor to Bison, and this Agreement.
- H.** Grantor agrees to assist Grantee, at no cost to Grantor, in attaining local and state permits required for constructing well sites and drilling wells on the Property.
- I.** It is the intent of the Parties that, in the event of any conflict or inconsistency related to Grantee's use and occupation of the surface of the Property between or among any provisions in this Agreement and any other agreement between the Parties, the terms and provisions of this Agreement shall supersede, govern and control.

AGREEMENT

For and in consideration of [REDACTED] the foregoing recitals and the terms, covenants and conditions contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor and Grantee agree as follows:

1. Surface Access Rights.

- A. Right-of-Way.** Grantor grants to Grantee and its agents, employees, and others authorized by them an exclusive easement and right-of-way upon and across the Property to conduct its Operations, including without limitation, the rights to (a) locate, drill, complete, operate, and maintain wells and well pads and associated production equipment on the Property; (b) to construct, operate and maintain access roads, (c) to lay, construct, operate, inspect, maintain, repair, replace with same or different size pipe, remove, or abandon in place pipeline(s), compressor(s) power line(s) and/or communication line(s), and other Facilities related to the Operations ("**Right-of-Way**"). Such Right-of-Way also includes the Ancillary Rights described in Paragraph 9, and the

its receipt of Grantor's written request, properly execute and deliver to Grantor a release or quitclaim, as appropriate, of all such rights in recordable form reasonably satisfactory to Grantor.

9. **Ancillary Rights.** In addition to the other rights granted herein, Grantee shall have (and Grantor hereby conveys to Grantee) a right-of-way and easement to use the surface and any subsurface interests owned by Grantor in connection with the Property (e.g., minerals, pore spaces, dirt, rock, *etc.*) to drill, complete, produce, deepen, rework, drill additional laterals or wells, frac, re-frac and recomplete vertical wells, directional and/or horizontal wells (collectively referred to as "Wells") under and through the Property to reach lands not covered by this Agreement and which Wells have bottom hole locations (if vertical wells) or horizontal drainhole locations (if horizontal wells) on lands not covered by this Agreement. Grantee shall have no right under this Agreement to warehouse or store gas or any other substances outside the Drill Site (whether produced from the Property or not) in the subsurface of the Property.

10. **Reclamation.**

- A. As to all disturbed areas affected by Grantee's Operations, that are no longer needed or used for construction or operation of any facilities, or upon termination of this Agreement, whichever is earlier, Grantee shall commence operations and continue in a diligent manner to fully reclaim and re-seed areas to a condition as similar as is practicable to that existing prior to the commencement of Grantee's activities, or in accordance with any then applicable federal, state or local laws and regulations, and in accordance with these provisions.
- B. Grantee shall consult with Grantor regarding seed mix to be used for reseeding.
- C. Grantee shall notify Grantor prior to final reclamation operations on the Property, including plugging and abandonment, and shall comply with any federal, state or local notification rules, regulations or requirements. Grantee shall use its reasonable efforts to consult in good faith with Grantor regarding all aspects of final reclamation, including but not limited to timing of such operations, topsoil protection and reclamation of the Property.
