Re: St. Croix Operating Jack Creek 1 oil well located in the  
NE/4 Sec. 4-Township 2 South, Range 51 West, 6<sup>th</sup> P.M.

Dear Mr. Wells,

IPT is handling permitting matters for St. Croix Operating, Inc. on the referenced oil well.

You have a water well, Permit #101213, located in the NENE of Section 4, 2 South, 51 West. Per Colorado Oil and Gas Conservation Commission regulations, St. Croix is required to identify and attempt to test certain water wells within ½ mile of the referenced oil well. We understand that your water well is currently inactive and we are unable to acquire a sample from your well at this time.

If the above is correct, please date and sign below and return a copy to us in the enclosed envelope. Please call Andy Peterson with any questions at 970-203-4263.

Respectfully,

Paul Gottlob  
IPT Regulatory & Engineering Technician  
Consultant to St. Croix Operating, Inc.

Dated this 5<sup>th</sup> day of JUNE, 2018

Josh Wells, President, Palser Land Co.
