General Comment:

Pre-closure inspection of Pit#111778. Pit is unlined earthen pit ~15'x15'x5'ft deep. Pit is netted. Pit is dry with overgrown vegetation growing on bottom and sidewalls. No visible discharge line to pit from separator. No visible staining or odor observed from pit. 60 bbl partially-buried steel tank with steel mesh top is labeled as "Produced Water" and contained in dirt SPCC berms. Tank fluid level ~ 2 ft below rim.

Proceed with pit closure per protocols approved by F-27, REM 111320. Notify COGCC a minimum of 72 hrs prior to excavation or sampling activity. Do not backfill or reclaim pit without COGCC approval. Reclamation must be performed in accordance with COGCC rules plus BLM requirements for all federal surface lands.
