General Comment:

This is an environmental inspection to document status of Remediation #10302.

Remediation #10302 condition of approval #3 (shown below) requires operator to conduct stormwater inspections after storm events and properly maintain stormwater controls. Inspection on 7/10/18 shows that operator is in violation of COA #3. Operator shall immediately conduct corrective maintenance of stormwater controls to avoid enforcement actions. Operator shall conduct stormwater inspections as required per the approved remediation. Inspections are required to be documented.

3) Comply with COGCC Rule 1002.f. Stormwater Management throughout the duration of the project. a. Perform and document stormwater inspections after any storm event that results in runoff. b. Verify that stormwater controls are properly maintained or replaced as needed throughout the duration of the project.
