**Complaint**

Comment: A noise complaint (Form 18 #200445992) was received from a nearby landowner for the Walker pad in Arapahoe County. Arapahoe County LGD responded to the complaintant and an operator representative did a sound survey on 6/22/2018 stating that readings were below 73 dB. State Inspector met on location with operator on 6/25/2018. The operator stated that a new high pressure combustor was recently installed due to the Anadarko pipeline shutin and it initially released at higher pressurers for 24 hrs but was operating at lower pressurers now. A call to the complaintant by the state inspector on 6/25/2018 also stated that the Arapahoe County LGD had pointed this out, the noise had gone down and no further action was needed. The sound survey was received on 7/16/2018 and the complaint was closed (Form 18A#200446041).
