Subject: Form 4 Sundry Notice – Bear 3-65 22-23 3AH

Dear Mrs. Aldrich:

To aid in the submittal of a Form 4 Sundry Notice, please accept this letter as record of APTIM's attempts to contact landowners in possession of water wells located within 1 mile of the proposed Bear 3-65 22-23 3AH location (Location) to meet the requirements for baseline water monitoring as part of the Colorado Oil and Gas Conservation Commission (COGCC) Rule 609 and the Adams County MOU. The below is a summary of actions taken to contact landowner within 1 mile of the Location:

February 2, 2018 and March 12, 2018 – Requests to participate in the baseline groundwater sampling activities sent to landowners having permitted wells within 1 mile of the location via FedEx.

*FedEx delivery notification with signature confirmation received within 1 week for all requests.

- Terrance G. King, well permit numbers 148547
- Davene A. Schuh, well permit numbers 308-WCB
- Qwest Corp., well permit number 41067-F

As of the date of this letter, no indication of a desire to participate in a baseline water sampling program has been received by APTIM from the landowners listed above.

Due to the lack of responses from the landowners having wells located within 1 mile of the Location, it is recommended that a Form 4 Sundry Notice be prepared for the Location and submitted to COGCC for their approval. If you have any questions regarding this letter please don't hesitate to contact me at 303-741-7052.

Sincerely,

Daisie Young, G.I.T.
Geologist, APTIM
