**Photo 1:** Photo taken from the location facing north. Photo shows the location remains either bare and exposed soil, or vegetation is predominantly undesirable weedy plant species. Unable to find evidence of additional reclamation activities have been conducted.

**Photo 2:** Photo taken from the location facing north. Photo shows access road. Access road has not been recontoured/regraded, and remains either bare and exposed soil, or vegetation is predominantly undesirable weedy plant species. Unable to find evidence of additional reclamation activities have been conducted.

**Photo 3:** Photo taken at access road entrance. Photo shows surface owner appears to have constructed a panel across the cattle guard to prevent access. Cattle guard requires removal in accordance to COGCC 1000 series reclamation requirements.
