RJR*

Dear Mr. Adams:

We have your Notice of Intention to Drill your  
No. 1 Hubbard, ~~SE 1/4 SE 1/4 NE 1/4~~ 6-2S-56W, in Washington County.

We would appreciate having the exact footage describing the exact location of the well. Also, we will need a \$2500 bond for this well, or if you intend to do any extensive drilling, a \$10,000 blanket bond would cover all your operations on fee lands. Operations on State lands still require a \$2000 bond for each lease.

As soon as we receive the above requested information and bond we will be happy to process your application.

Sincerely yours,

Director.
