6N-66W, SEC: 26 SE; Sec: 35 E2
482.06 Acres

Dear Director Murphy,

SRC Energy Inc. ("SRC Energy") is planning to drill the above referenced well in accordance with the provisions set out in COGCC Rule 318A.e. SRC Energy's proposed wellbore spacing unit consists of:

Chalk 20C-35-M
6N-66W, SEC: 26 SE; Sec: 35 E2
482.06 Acres

SRC Energy is not the only owner within the proposed wellbore spacing unit and hereby certifies to the Director that a thirty day (30-day) notice has been given by certified mail to all owners in the proposed wellbore spacing unit, as required by COGCC Rule 318A.e. (5). Copies of the required notification letters are on file at SRC Energy's office. The required thirty (30) day notice period has elapsed absent the receipt by SRC Energy of any objection to their proposal by the owner(s) within the proposed spacing unit for the subject well. We have not received any objections to such well location or proposed spacing unit, therefore, SRC Energy hereby requests the Director approve the well.

Enclosed is the Proposed Spacing Unit Plat to assist in your review and approval of SRC Energy's proposed Application for Permit to Drill (APD) for Chalk 20C-35-M well. SRC Energy respectfully requests the COGCC to review the enclosed information and approve the exception location waiver request per Surface Use Agreement and APD for Chalk 20C-35-M.
