COGCC Comments

Comment	User	Date
Remediation taking place under an approved Supplemental Form 27 (Document #401672384, REM 11300). Soil samples were being screened as per the approved work plan. Excavated soils were being segregated; un-impacted soils reserved for use in reclaiming the excavation, impacted soils stockpiled on liners, awaiting transport for offsite disposal.	canfielc	08/21/2018
