Comment: CA from Previous Inspection had been resolved though concern has again developed in same area. Sediment is migrating from East side of Access road ditch across location in shallow swale ditch that crosses entry & off into Interim Reclamation area. There appears to be several points where additional BMPs are needed. Refer to Photos attached.

Corrective Action: Install or repair required BMPs per Rule 1002.f. Date: 10/05/2018

**Pits:**     NO SURFACE INDICATION OF PIT
