**Oil & Gas Conservation  
Commission**

Department of Natural Resources

Inspection Photos  
Location Name: SCHNEIDER #1  
API: 05-123-08139

**Photo 1.** Photo taken from the eastern battery location on August 16, 2017, facing North. Operator did respond by removing a meter house and risers per previous corrective actions. Operator claims this is an active meter; however, no documentation has been provided.

**Photo 2.** Photo taken from the eastern battery location on September 5, 2018, facing East. See comments under Photo 1.

Inspection Photos  
Location Name: SCHNEIDER #1  
API: 05-123-08139

**Photo 3.** Photo taken from the battery location, facing South, towards the well location. Appears portions of the well access road and well location have undergone a land use change to gravel mining.

Inspection Photos  
Location Name: SCHNEIDER #1  
API: 05-123-08139

**Photo 4.** Photo taken from the battery location, facing South. Operator has provided documentation that LG Everist has acquired this parcel but has failed to submit a proper 502.b. Surface Owner Variance request. Noxious thistles and undesirable weeds (Kochia and Russian thistle) were observed throughout the entire battery location.
