General Comment:

Inspection completed as follow-up inspection requirement.

This inspection does not alleviate requirement for operator to complete any open corrective actions from previous inspections.

See link at end of report for path to downloadable pictures.

COGCC Comments

Comment	User	Date
At the time of follow-up inspection the wellhead cellar had standing fluid surrounding wellhead and bubbles streaming to the surface around wellhead casing and in several places inside cellar area. Unknown volume. Similar issues were identified in previous inspection 685300614 and 685304920. No corrective actions required by inspection document number 685304920 have been completed.	stjohnw	09/04/2018
