Weld County, Colorado

Dear Director Murphy:

Crestone Peak Resources Operating LLC (Crestone) is planning to drill the above referenced wells in accordance with the provisions of COGCC Rule 318A.e(6). Crestone's proposed spacing unit configuration consists of:

Township 2 North, Range 68 West
SW¼ of Section 9, W½ of Section 16, W½ of Section 21

Containing 800 acres, more or less, for the Niobrara and Codell formations

Crestone is not the only owner within the proposed spacing unit and, as such, provided notice to the remaining owner(s) within said proposed spacing unit as required under COGCC Rule 318A.e(6). The required thirty (30) day notice period has elapsed absent the receipt by Crestone of an objection to said proposal by the owner(s) within the Proposed Spacing Unit for the subject wells.

Enclosed is a copy of the map illustrating the proposed wellbore spacing unit for each well to assist you in your review of the proposed Application for Permit to Drill for the Dream Weaver North 3E-21H-N268, Dream Weaver North 3F-21H-N268, Dream Weaver North 3G-21H-N268, and Dream Weaver North 3H-21H-N268, Well(s).

Crestone respectfully requests that the COGCC review the enclosed information and approve the Applications for Permit to Drill the captioned wells. Many thanks for your time and attention to this matter.

Respectfully,

Meghan Campbell
Regulatory Analyst
