On September 7, 2018 COGCC SW EPS Jim Hughes conducted an environmental field inspection of the BP Dwight Sossaman A #2. For the most recent field inspection report of this facility, please refer to document #680600030. A swath leading from the well head to the outside of the stock panel enclosure is stained with oil. The area below the progressive cavity pump is also stained with oil. The well and associated equipment was tagged out at the time of this inspection.	hughesj	09/10/2018
