Mr. Dalton,

This email is a follow up to my phone message.

I am writing with a request for information on pit facility 119031. This is the pit at the Dowdell #1.

It appears that the pit was pushed in.

Can you provide documentation of soil compliance with COGCC table 910-1 prior to closure?

Please submit on a eForm 27.

Please contact me with any questions or clarification.

Thank you,
Kris Neidel
