Dear Les:

I note that on the Notice of Intention to Drill the Susannah Franklin #1 well, SE $\frac{1}{4}$ 35-12N-44W, Sedgwick County, Colorado, the name "Chappel" is given, whereas on the log the field is called "South Chappel".

For the sake of uniformity, and also for processing this name through the Nomenclature Committee, I would appreciate your telling me which name you would want authorized to be applied to this field, at your earliest convenience.

With kindest personal wishes.

Sincerely yours,

Director.
