Comments / Descriptions / Explanations
<p>Two crews mobilized equipment and then continued corrective actions on the Shell 797-03B access road this afternoon. BMP maintenance is being completed for rock socks, rock checks, inlet checks, and sediment traps. Erosion channels along the access road are being repaired, additional rock checks are being installed within the roadside bar ditch, and additional rock armor is being installed on damaged BMPs. Additional work is needed on the access road and operations will be continued tomorrow.</p>
