RE: Confluence DJ LLC Rule 502.b.(1) Variance Request to Rule 805.b.(3), Rule 912.a, and Request to Flare Pursuant to Rule 912.b

Dear Director Murphy;

Rimrock Energy Partners, LLC ("Rimrock") is a strategic, growth-oriented midstream company focused on the acquisition and development of oil and gas gathering and processing assets in Colorado's DJ Basin. Rimrock is aware of Confluence DJ LLC's ("Confluence") above referenced request and wishes to provide the following information in support.

Confluence and Rimrock have exchanged term sheets and are in contract negotiations to gather Confluence's gas from their planned well located in T7N-R64W, Section 7: SESE. The contract would dedicate all of Confluence's drilling and spacing units in the area. Rimrock expects to receive approval to begin construction on its Pierce Processing Plant ("Plant") in T8N-R66W on October 8, 2018. The Plant is expected be completed in April of 2019 and able to accept gas by May 1, 2019. Rimrock is securing right of way from the Plant to Confluence's planned development located in Section 7 of T7N-R64W. Rimrock is planning a gathering line with sufficient capacity for Confluence and others' gas. Assuming a contract can be agreed upon, Rimrock is confident that it will be ready to gather gas from Confluence at low pressures, encouraging theirs and others' development in the area. Rimrock has contracted to gather gas from other parties between the Plant and Confluence's development and is interested in extending this line to gather Confluence's gas in Section 7 of T7N-R64W. A more detailed description of Rimrock's Plant timing and critical dates is attached hereto.

If there are any questions, please contact me at (720) 689-0348 or (303) 827-1943 or by email at [d.banning@rimrockenergy.com](mailto:d.banning@rimrockenergy.com).

Very Truly Yours,

A handwritten signature in blue ink that reads "Diane Banning". The signature is fluid and cursive, with the first name "Diane" and last name "Banning" clearly legible.

Diane Banning
