Overall Good: ☒**Spills:**

Type	Area	Volume		
Comment:	see attached photo. database does not indicate any spills related to battery or wells served by the battery. Numerous MW present to north of battery location indicate investigation and/or remediation involving groundwater underway at this site. No remediation projects related to site could be found in COGCC database. Trailer on site in older aerial possible AS/SVE as pipes still present on site			
Corrective Action:	If approved remediation plan exists for this site please provide project number to COGCC environmental staff.			Date: 10/11/2018

In Containment: No
