Re: Notice of Intent to Conduct Subsequent Operations  
HSR Blackford 1-26A  
Township 3 North, Range 66 West  
Section 26: NE/4NE/4  
Weld County, Colorado

Dear Mr. Camp:

The Colorado Oil and Gas Conservation Commission (COGCC) has adopted guidelines and procedures regarding activities affecting the surface. These rules stipulate an affected surface owner must be given notice in writing by an operator at least seven (7) days on dry lands and fourteen (14) days on irrigated lands prior to beginning subsequent well operations or those operations that will materially impact surface areas beyond the existing access road or well site.

HS Resources, Inc. (HSR) plans to begin operations to deepen the HSR Blackford 1-26A oil and gas well to the 'J' sand as soon as the title is approved, upon receipt of any permits needed from the COGCC and sometime during next month. It is your responsibility to notify the tenant farmer, if applicable, of this proposed operation. A brochure is available upon request from the COGCC, 1120 Lincoln Street, Ste. 801, Denver, CO 80203 describing surface owner rights and responsibilities.

Should you have any questions and/or concerns, please contact our office.

Very truly yours,

**HS RESOURCES, INC.**
