Latitude: 39.515270 Longitude: -107.676490

CORRECTIVE ACTIONS:

1 ☒ CA# 117598

Corrective Action: Control Noxious weeds.

Date: 08/10/2018

Response: CA COMPLETED

Date of Completion: 07/27/2018

Two small tamrisc plants were cut and treated with herbicide. All visible knapweed on the location was also

Operator Comment: treated with herbicide. The private surface on which the pad is located and all the adjacent properties have noxious weed issues with no effort by the surface owners to control. This should be taken into consideration, as the presence of noxious weeds in this area is a regional issue and not specifically associated with this location.

COGCC Decision: Approved

COGCC Representative: You are setting a good example. It might help to coordinate control efforts with Garfield County Vegetation Manager who is always looking for Partners & good PR in the weed battle. If developing Locations in Weed infested areas, it may be advisable to factor more \$s into cost projections to account for Weed control.

OPERATOR COMMENT AND SUBMITTAL

Comment:

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct, and complete.
