Inspection Photos
Location Name: WSC #11-9
API: 05-123-19451

Photo 1. Photo taken from the western location, facing East. No visual evidence of equipment on location. Appears the Operator has performed final reclamation activities. Location will remain in-process. Portions of the location do not have uniform vegetative growth.

Photo 2. Photo taken from the western location, facing Southeast. See comments under Photo 1.

Inspection Photos
Location Name: WSC #11-9
API: 05-123-19451

Photo 3. Photo taken from the northern location, facing East. Photo illustrates bare patches with little to no germination of desirable species.

Photo 4. Photo taken from the southern location, facing South. Photo illustrates uniform vegetative growth which is not consistent throughout the location.
