Weedhams Lease

We have talked with your department several times about this individual, and the fact that you had been unable to get the necessary reports you required.

We are wondering if there is any possible way of terminating this bond at this time. We billed this principal for the annual anniversary premium on his bond in November of 1964 for the period 12/28/64 to 12/28/65 in the amount of \$25.00 and as of this date, the premium has not been paid. This is the same story every year, and if there is any possible way of terminating liability under this bond, we would certainly like to do so. We can get no reply to our monthly statements or interim letters.

If there is anything you can do to assist us, we would appreciate it.

Very sincerely,

FINANCE INSURANCE AGENCY, INC.

Chas E. Mitton
