RE: Request for Consent to Plug Well(s)

Cynthia & Paul Franks,

Bison Oil & Gas II, LLC ("Bison") currently has permits (pending or approved) to drill wells from one or more pad locations that Bison secured from a neighboring land owner. It is necessary and required by the Colorado Oil & Gas Conservation Commission ("COGCC") to plug old abandoned oil and gas wells within 2,500 feet of the new wells that are to be drilled. There is one unmarked abandoned well within the COGCC proximity threshold that needs plugging on your lands; specifically, the Franks 1 (API 05-123-08907), located in the SE/4SE/4 of Section 33 Township 9 North, Range 61 West. I have enclosed supporting documentation for your review.

Bison respectfully requests your surface owner's consent to plug the Franks 1 well located on the above described lands that you own. Please indicate your agreement and consent via signature below to Bison's plugging of the Franks 1 well using the enclosed envelope at your earliest convenience while also providing the best way to reach you. Upon the receipt of your executed consent, Bison will coordinate the timing and logistics of the plugging with yourself and any tenants that you may have.

Thank you for your immediate attention to this matter and should you have any questions, please do not hesitate to reach me at the undersigned.

Respectfully,

Heath Lovell, CPL
Senior Landman
(720) 644-6997 Ext. 5-2
hlovell@bisonog.com

Surface Owner Consent:

Cynthia Franks
