

On October 10, 2018, COGCC Environmental Staff (Alex Fischer) conducted an environmental field inspection of SandRidge Exploration & Production LLC's (SandRidge) Rabbit Ears 06851 23 Location (Location ID: 449274) and API 057-06598. Weather was partially cloudy and temperatures about 29 degrees Fahrenheit with approximately 3-inches of snow on the ground

The following is a summary:

- Enclosed frac tank located adjacent to API 057-06598. Tank was placard, but not labeled.
- Load in/load out hose open ended resting on concrete barrier.
- Apparent hydrocarbon sheen noted on snow melt water in front of tank battery and load in/load out area.
- 3- 675 bbl PR water tanks.
- 5- 675 bbl Oil tanks.

**Corrective Actions (CAs):**

- **By November 19, 2018** – Signs and Markers Tanks and Containers

*Comply with Rule 210.d.*

**Train and educate staff and contract personnel on house keeping with zero spills, drips, beneath valves, fittings, unions, and load out area.**
