Comment: Project area is surrounded by sagebrush shrubland and mixed oil and gas development. Document 2485031 is a signed Form 4 request from WPX and BP acknowledging that BP is taking responsibility for the 067-05431 reclamation, which is adjacent to this project area. Revegetation is progressing within portions of the reclamation areas and the 067-05431 reclamation area. However, a veg. transect was conducted and revegetation within the 067-05431 project area is sparse.
