Almont-Dotsero 6 South Pad

Sec. 6 T7N R64W
Weld County, Colorado
Surface: Fee
Mineral Lease: Fee

Dear Director:

Confluence Resources (Confluence) respectfully requests that the Director grant an exception location to Colorado Oil and Gas Conservation Commission (COGCC) Rules 318A.a. or 318A.c for the above referenced well. The surface location, pertaining to the Application for Permit to Drill (APD), does not conform to COGCC Rules 318A.a. or 318A.c due to surface owner request. The proposed surface location was agreed upon by the surface owner after several consultations.

COGCC Rule 318.A.a stipulates that a Greater Wattenberg Area (GWA) well surface location must be within a 400' by 400' drilling window centered at the center of each quarter-quarter section, or inside a 800' by 800' drilling window centered at the center of each quarter section. The above referenced well falls outside of these drilling windows.

Your Assets / Our Expertise

- Regulatory
- Storm-water Management Plans
- Project Coordination
- Permitting
- Government Relations
- EA/EIS Assistance

COGCC Rule 318A.c.(2) stipulates that a Greater Wattenberg Area (GWA) well surface location shall not be greater than 50' from an existing well. As planned, this surface location is greater than 50' from an existing well.

Confluence requests the Director approve the proposed exception location. The surface owner acknowledges and agrees with the staked surface location of the well. The Exception Location Waiver is attached.

Please send a copy of all correspondence to Upstream Petroleum Management, Inc. at 7000 S. Yosemite St., Suite 290B, Englewood, CO 80112. Please contact me at 303-942-0506 or at agross@upstreampm.com if you have any questions.

Sincerely,

Tishany Jenkins
Permit Agent for Confluence Resources
