Sun Oil Company
PO Box 1798
Denver, Colorado

Gentlemen:

A review of our records indicates that we have not received the completion report on the following wells:

<u>LEASE</u>	<u>LOCATION</u>	<u>FIELD</u>	<u>COUNTY</u>
# 1 Holmberg- State	15-4N-60 W	wc	Morgan

We received your notice to abandon this well on June 8th; however, we must also have the completion report on our form OGCC-5, in order to close well file. If this well has not been drilled to date, please advise.

According to the Rules and Regulations of the Commission, completion reports should be sent in within thirty (30) days after completion of a well. Three (3) copies for wells drilled on Patented or Federal land, and Four (4) copies for wells drilled on State lands. Some blank forms are enclosed for your convenience.

Your prompt attention to this matter will be appreciated.

Oil and Gas Conservation Commission
