All,
See Taylor's e-mail below regarding the nets.

Sounds like a good plan. If I don't hear from my folks by next week, I'll just prepare a letter from me to Dave K. making it official that we approve of the sundry request.

Have a great Thanksgiving.

Thanks Taylor.

Yes, I did submit the Form 4's.

My guys asked to pull the nets back after the first heavy snow because it was so wet they were concerned the nets were going to

get damaged. I gave them the go ahead based assumption we supposedly had approval through the OXY acquisition. I would like to get a resolution one way or the other so we can stay in compliance.

Wayne,

I don't think there's any concerns with these requests, but I'm having trouble getting our internal team to take a look and sign off (hunting seasons and holiday week I guess). Have these Form4s been submitted to COGCC yet?

I can email Dave Kubeczko and let him know we're good with the request, then we can get a formal letter for our files, if necessary. I'm just wondering if time is becoming an issue with getting them taken care of before a big storm hits up there?

Thanks,

Taylor Elm

Taylor,

Just to give you a little lead time, attached are the sundries for the two ponds we were discussing.

Thanks
