1 CA# 118056

Corrective Action: Comply with Rule 319.b. Date: 06/14/2018

Response: FACTUAL REVIEW REQUEST

Basis for Review: CA dates are not per the guidelines

This well is still on our 2018 drilling schedule. If SG decides to not drill the well, then Rule 319 and 326 would be

Operator Comment: followed. SG is considering temporarily abandoning the well, and would conduct an MIT within 30 days if that decision is made. The drilling date noted on the salt-based drilling sundry is only an estimated date. COGCC does not require these dates to be updated, same with Form 2A construction deadlines. The deadline of 6/14/2018 for an MIT is not an appropriate per COGCC guidelines. Please remove corrective action. A different Corrective action would be to update the date on the sundry, which is similar to a CA we were given on the Falcon Seaboard 11-90-11 #2.
